EXAMINATION CENTRES AND SUBJECT CODES 2024

This booklet contains the codes and names of the different Practical and Theory of Music examinations, as well as of the centres at which the examinations of the Directorate Music are offered. Unisa reserves the right to combine examination centres.

Practical examinations will only be arranged where a minimum of 6.5 hours of examining takes place and Theory of Music examinations will only be arranged where at least eight students have been registered, irrespective of grade. If suitable arrangements cannot be made at a particular centre, the students concerned will be informed well in advance and will be required to sit their examinations at the closest approved centre.

Unisa will not cover the cost related to the tuning of the piano or venue hire where a special centre (Practical and/or Theory) must remain open and these costs will be for the students' own account.

Jazz Practical and Keyboard Examinations, and Performance Level Assessments will be offered in the August-October session in Pretoria, Johannesburg, Bloemfontein, Parow, Port Elizabeth and Durban only.

The Performer's Assessment may be conducted at any existing practical centre.

Ensure that the correct examination codes are used on the entry form.

Please feel free to request that we open a new centre, should you have the required number of students who wish to register at the proposed centre or if the minimum requirement of 6.5 hours of examining can be met for the Practical examinations.

EXAMINATION CENTRES

The February examination session is a Theory of Music session only, while the May-June and August-October sessions include both Practical and Theory of Music examinations.

A centre is approved as an examination session where an asterisk (*) appears.

Should a centre be requested which has not been approved as an examination session, the students will automatically be transferred to the nearest approved centre.
