Funding opportunities

Scholarships and fellowships

Conference calls

## A word of welcome

Welcome to the research bulletin for the College of Economic and Management Sciences. OGSR believes that funding is the central vein that drives productivity, influence the volume of workload and research activities. Hence the recent request for the university's subscription to Research Professional Database, in which criteria can be set for more discipline/ subject specific funding, from all over the world.

Research Africa Professional Database offers UNISA and its scholars' the following:

The latest research funding.

Call for fellowships and scholarships.

Many of the funding calls will require data management, equality, and impact statements. Our team of NRF rated experts are ready to guide you through the process prior to submission.

Support to access Research Funding Database is available through the office of

\*Ms Melanie Malan: [Malanmm@unisa.ac.za](mailto:Malanmm@unisa.ac.za)

# Knowledge transfer project grants

[Bookmark](#)[Email](#)

Actions

Royal Economic Society (RES), GB

These support projects that increase the sharing of knowledge and expertise between academic and non-academic economists or those in related fields. The grant can support one-off single events, short series/ programme of work on a specific issue, or provide seed funding to help initiate the first of a series of work; it is not designed to provide funding for an event/programme of work that is already established. Examples include:

- an RES member in a public or private sector organisation could invite an academic economist to contribute to a project concerning a business or policy issue;
- an RES member outside academia facilitating a relationship with one or more academic economists, with the member sharing a problem of business/practice that they face in order to interest academics in developing a solution based on recent research in the area;
- an academic economist brought into a business/institution to offer Continuing Professional Development in the latest economic techniques, in the form of a research informed workshop for professional economists at the firm or non-academic institution.

### Closing Date

29 September 2024 (Forecast)

### Telephone

---

**Closing date** 29 September 2024 (Forecast)

**Deadline Information** ---

**Recurrence** This call is repeated once a year.

**Date added** 28 March 2023

**Award type** Collaboration Opportunities & Networking; Research: Project Grants & Innovation

**Award amount max** £2,000

**Award amount min** ---

**Amount note** Grants are worth up to £2,000 each. Although venue and equipment hire costs can be requested, it is anticipated that these will normally be provided without cost by the host institution. Reasonable catering costs, travel and accommodation expenses can be requested. The event/programme of work should be due to take place within 18 months of application. [show less](#)

## Eligibility Profile (Funding)

---

**Country of applicant institution** Unrestricted

**Nationality of researcher** Unrestricted

**Applicant type** ---

**Career stages** Early Career and Emerging in Field; Mid-Career to Established in Field

**Eligibility Note** Applicants must be a member of the Royal Economic Society and not have been awarded a Knowledge Transfer Project Grant in the last three years. The Knowledge Transfer Project will involve collaboration between one or more RES members and a partner who is not necessarily an RES member. A typical KTP in academic economics would facilitate a relationship between a company/organisation and an academic RES member. RES members from outside of academia are also welcome to apply. ## Hong Kong Institute for Monetary Research (HKIMR), HK

---

The HKIMR invites applications for the Institute's Thematic Research Programme. Compared with the Regular Research Programme, applicants are invited to submit proposals of empirical and theoretical studies on the topics in the following thematic areas. Preferences are given to comparative studies which address critical policy issues and/or have significant global and regional implications:

- **Inflation dynamics: policy responses and implications for financial markets**
  - Rising inflation: implications for exchange-rate dynamics, macroeconomic policies and financial stability
  - US monetary and fiscal policy developments. Effects and implications for international markets
  - Monetary-fiscal policy interaction: implications for inflation

risk and financial stability

- **Emerging macroeconomic trends**
    - The short- and long-term economic impact of COVID-19. Policy responses and effects on the labour market and the global supply chain
    - The effect of the aging population on advanced and emerging economies
    - Long-term rise in economic inequality. Macroeconomic implications and policies
  - **Global capital flows and financial interdependencies**
    - Offshore RMB market development and onshore macro-financial stability
    - US dollar fluctuations, USD funding stress and macroeconomic dynamics
    - Capital flows and policy responses in international economies and implications for macroeconomic and financial stability
  - **The Chinese economy: resilience and competitiveness**
    - Credit risk and banking sector vulnerabilities in China
    - Credit dynamics, household debt and implications for the real economy in China
    - Export structure and competitiveness of China: macro-implications over the longer-term
  - **Financial innovation in high-growth economies: the role of intangible assets**
    - The collateralisation of intangible assets: institutional details and emerging risks
    - Macroeconomic implications of intangible assets
- 

**Closing date** 30 September 2024

**Deadline Information** The Council of Advisers for Monetary Research reviews the proposals on a quarterly basis and deliberates on the submissions. Since the Council frequently requests clarifications of the submitted proposals, applicants should apply well in advance of their desired dates of visit.

**Recurrence** This call is repeated 4 times a year.

**Date added** 22 August 2024

**Award type** Collaboration Opportunities & Networking; Research: Project Grants & Innovation; Travel

**Award amount max** ---

**Award amount min** ---

**Amount note**

- The length of the visit is up to one month, prior to mutual agreement. Successful applicants will receive an attractive remuneration package, including travel and accommodation allowances.
- The studies will have to be completed within 6 months from a mutually agreed commencement date.

# Big Data, Artificial Intelligence, and Financial Economics

[Bookmark](#) [Email](#)

Actions

National Bureau of Economic Research (NBER), US

The proliferation of large unstructured datasets along with advances in artificial intelligence (AI) technology provides researchers in financial economics with new opportunities for data analysis, and it also changes the set of subjects these researchers are studying. As AI becomes increasingly important in making decisions using financial market data, it becomes crucial to study how AI interacts with both data resources and with human decisionmakers.

To promote research on emerging issues related to the methodology, applications, and socioeconomic implications of the growing availability of large datasets and AI tools, the National Bureau of Economic Research (NBER), with the generous support of the Office of Financial Research (OFR) and in collaboration with the *Review of Financial Studies (RFS)*, will convene a research conference on December 13, 2024. The program will be organized by *RFS* Executive Editor Tarun Ramadorai of Imperial College London, and NBER Research Associates Itay Goldstein of the University of Pennsylvania, Chester Spatt of Carnegie Mellon University, and Mao Ye of Cornell University.

The organizers will consider submissions on topics including, but not limited to:

- **Unstructured Data Analysis and AI:** The impact on financial markets of the growing use of AI technology to analyze unstructured data, such as text, images, audio, and video.
- **Trading and AI:** The impact of using AI in high-frequency trading, algorithmic trading, and the impacts of this use on financial markets.
- **Big Data and AI in Investment:** The rise of machines in asset management, particularly the growing analysis of high-dimensional datasets using machine learning techniques.
- **Big Data and AI in Corporate Decisions:** The impact of AI as well as other means of analyzing unstructured datasets and automating decision-making on corporate decisions, such as capital budgeting, working capital management, and regulatory compliance and reporting.

### Closing Date

[gargera@nber.org](mailto:gargera@nber.org)

### Telephone

---

- **Financial Institutions and Financial Intermediation:** The impact of AI, fintech, and the analysis of large datasets on traditional financial institutions.
- **AI and Regulation:** The role of AI in detecting improper market conduct, the regulation of algorithms and winner-take-all markets, and strategies for ensuring accountability, fairness and transparency in AI models.

---

**Closing date** 12 September 2024

**Closing date note** 11:59pm EDT

**Deadline Information** ---

**Recurrence** This is a one-off opportunity. We do not expect future rounds.

**Date added** 12 August 2024

**Award type** Conferences, Events or Seminars; Research: Project Grants & Innovation

**Award amount max** ---

**Award amount min** ---

**Amount note** The National Bureau of Economic Research (NBER), with the generous support of the Office of Financial Research (OFR) and in collaboration with the *Review of Financial Studies (RFS)*, will convene a research conference on December 13, 2024. All presenters are expected to attend the meeting in person. The NBER will cover the travel and lodging cost of up to two presenters per paper. [show less](#)

# Fernand Braudel senior fellowships

[Bookmark](#)[Email](#)

Actions

European University Institute (EUI), EU

The European University Institute invites applications for the Fernand Braudel senior fellowships. These enable established academics with an international reputation to pursue their research at the EUI.

Fellowships are offered at the following departments:

- economics;
- law;
- history;
- political and social sciences.

**Closing date** 30 September 2024

**Closing date note** Some departments may consider applications for only one of the annual deadlines.

**Deadline Information** ---

**Recurrence** This call is repeated 2 times a year.

**Date added** 03 April 2024

**Award type** Fellowships or Post-doctoral Awards

**Award amount max** €30,000

**Award amount min** ---

**Amount note** Fellowships are worth up to €3,000 per month for up to 10 months.

### Eligibility Profile (Funding)

**Country of applicant institution** Unrestricted

**Nationality of researcher** Unrestricted

**Applicant type** ---

**Career stages** Mid-Career to Established in Field

**Eligibility Note** Established academics of any nationality may apply. They must have an international reputation and a good knowledge of English, as well as a good knowledge of any other language relevant to their proposed research. Fellows must live in Florence for the duration of the fellowship so that they can take an active part in the academic activities of their Department. [show less](#)

Actions

Niehaus Center for Globalization and Governance (NCGG), US

The Niehaus Center for Globalization and Governance (NCGG) at Princeton University's School of Public and International Affairs invites applications for postdoctoral research associates from individuals with a Ph.D. degree or who expect to receive a Ph.D. degree by July 1, 2025, for the 2025-2026 academic year. This fellows' program aims to develop a generation of scholars able to analyze and make policy recommendations about the regional political economy in the Middle East, East, South and Southeast Asia, Africa, and Latin America. The Center welcomes applications from candidates with a background in economics, political science, contemporary history, sociology, law, business, and other disciplines bearing on the study of markets, politics, and economic development, focusing on the regions of the Middle East, East, South, or Southeast Asia, Africa and Latin America. Scholarly work should explore the ways in which the politics within and between a set of countries intersect with natural resource endowments, market conditions, technological and physical infrastructure, and cultural biases to explain existing patterns of economic development and promote higher levels of development more effectively.

#### Key Event Dates

<b>Abstract Submission Deadline</b>	10/09/2024
<b>Manuscript Submission Deadline</b>	17/09/2024
<b>Notification of Manuscript Acceptance</b>	19/11/2024
<b>Submission Deadline for Final/Camera-Ready Paper</b>	18/12/2024
<b>Additional Date</b>	20/12/2024

#### Event Details

<b>Scope</b>	The symposium will focus on fundamentals of finance, introduce the computational issues therein and report latest findings and understanding of financial modeling using computational intelligence techniques that would benefit academic and practitioners alike.
--------------	---

<b>Specification</b>	All papers must be submitted using the IEEE conference proceedings template with body text in 10pt type.  Full papers: papers of up to 6 pages, plus 1 page for references. A maximum of two extra content pages per full paper is allowed (i.e, up to 8 pages plus 1 page for references), at an additional charge per extra page as specified in the registration page.  Short papers: papers of up to 4 pages, plus 1 page for references.
<b>Submission Guidelines</b>	Online Submission Forms available at the official web site

## Conferences and Papers

### 2024 Symposium on Simulation and Modelling

<b>Type of Event</b>	Conference
<b>Event date</b>	21/12/2024 - 23/12/2024
<b>Location</b>	A1 Hotel Grauholz AG, Bern, Switzerland
<b>Organiser(s)</b>	Prof. Lucas Jodar, Universitat Politecnica De Valencia, Valencia, Spain
<b>Eligibility</b>	Research Scholars and Students
<b>Languages</b>	English
<b>Website</b>	<a href="http://www.elecs.org/simulation.html">http://www.elecs.org/simulation.html</a>
<b>Keywords</b>	Geosciences and Earth Sciences, Environmental Engineering, Computer Science, Artificial intelligence and Related Technologies, Economics, Biomedical Engineering

#### Key Event Dates

<b>Manuscript Submission Deadline</b>	30/09/2024
<b>Notification of Manuscript Acceptance</b>	31/10/2024
<b>Submission Deadline for Final/Camera-Ready Paper</b>	30/11/2024
<b>Registration Deadline</b>	20/12/2024

#### Event Details

- Topics**
- Simulation and Modelling in Natural Sciences
  - Simulation and Modelling in Biomedicine
  - Simulation and Modelling in Economics
  - Simulation and Modelling in Engineering
  - Simulation and Modelling in Earth Sciences
  - Simulation and Modelling in Environmental Science
- Submission Guidelines** Online Submission Forms available at the official web site

**Conference webpage:** <http://www.elecs.org/simulation.html>

## Conferences and Papers

### 8th International Conference on Tourism Research (ICTR 2025)

- Type of Event** Conference
- Event date** 24/04/2025 - 25/04/2025
- Location** JAMK University of Applied Science, Jyväskylä, Finland
- Organiser(s)** Dr Minna Tunkkari-Eskelinen
- Eligibility** Research Scholars and Students
- Languages** English
- Website** <https://www.academic-conferences.org/conferences/ictr/>
- Keywords** Agricultural and Food Sciences, Artificial intelligence and Related Technologies, Management, Knowledge Management, Behavioral Sciences, Economics, Law and Judiciary

#### Key Event Dates

- |   |            |
|---|------------|
| <b>Abstract Submission Deadline</b>                     | 02/10/2024 |
| <b>Notification of Acceptance of Abstracts</b>          | 16/10/2024 |
| <b>Manuscript Submission Deadline</b>                   | 21/11/2024 |
| <b>Notification of Manuscript Acceptance</b>            | 30/01/2025 |
| <b>Additional Date</b>                                  | 13/02/2025 |
| <b>Submission Deadline for Final/Camera-Ready Paper</b> | 27/02/2025 |
| <b>Registration Deadline</b>                            | 20/03/2025 |

**Specification** Abstracts should be 300-350 words.

Papers must not exceed 5000 words in length (2000 words for work in progress papers), including abstract, figures, references and appendices for a total of 10 pages. Files should not exceed 3MB in size.

**Submission Guidelines** Online Submission Forms available at the official web site

Conference webpage: <https://www.academic-conferences.org/conferences/ictr/>

## Conferences and Papers

### 4th International Conference on Business Administration and Data Science (BADs 2024)

Type of Event	Conference
Event date	25/10/2024 - 27/10/2024
Location	Chongqing, China
Organiser(s)	Prof. Kannimuthu Subramaniam, Karpagam College of Engineering, India (IEEE Senior Member)
Eligibility	Research Scholars and Students
Languages	English
Website	<a href="https://www.icbads.org/">https://www.icbads.org/</a>
Keywords	Manufacturing Engineering, Artificial intelligence and Related Technologies, Computer Security, Databases, Management, Finance, Economics

#### Key Event Dates

Manuscript Submission Deadline	25/09/2024
Registration Deadline	05/10/2024
Submission Deadline for Final/Camera-Ready Paper	15/10/2024

#### Event Details

Topics	<b>Business Administration:</b> <ul style="list-style-type: none"><li>◦ Marketing Management</li><li>◦ Financial management</li><li>◦ Operation management</li><li>◦ Financial technology</li><li>◦ Digital Management</li><li>◦ Human resources management</li><li>◦ Intelligent management system</li><li>◦ Economic Management and Analysis</li><li>◦ Modernization of enterprise management</li><li>◦ Logistics and Supply Chain Management</li><li>◦ Blockchain technology and regional economy</li></ul> <b>Data Science:</b> <ul style="list-style-type: none"><li>◦ Machine learning</li><li>◦ Data mining</li><li>◦ Data analysis</li></ul>
--------	--

- Data visualization
- Health data science
- Intelligent Manufacturing System
- Data privacy protection
- Model fitting and data analysis
- Forecasting model and economic research

**Business Administration and Data Science:**

- Data-driven market segmentation and customer analysis
- Financial data analysis and risk management
- The Application of Artificial Intelligence in Employee Recruitment and Performance Evaluation
- Big data analysis in logistics and supply chain
- The Application of Deep Learning in Business Prediction
- Intelligent recommendation system and consumer behavior analysis
- Data visualization technology and practice for business decision-making
- The application of blockchain in financial transactions and compliance management
- Big data analysis and management in the medical industry
- Intelligent manufacturing and data processing under the background of Industry 4.0
- Legal challenges and solutions to data sharing and personal privacy
- Ethical considerations and social impacts in the application of artificial intelligence

**Specification** Please use the template provided.

**Submission Guidelines** Online Submission Forms available at the official web site
