UNISA ENTERPRISE ANNOUNCES SAP TRAINING FOR ORGANISATIONS

Unisa Enterprise, a wholly owned subsidiary of the Africa's largest university Unisa, is delighted to announce its offering of SAP accredited programmes in support of businesses.

Organisations running the SAP software are invited to visit the UE website to register for the short courses, which will help the institutions to keep their teams up to date with the SAP solution skills.

SAP prides itself as a global leader in enterprise application software, which helps organisations of all sizes run at their best. It is estimated that 77% of the world's transactions revenues touches on the SAP system.

UE is offering the courses in collaboration with Zimele Technologies, a SAP implementation partner.

Included in the UE courses are:

- Expert-led live sessions covering deep dives and preparations to stay certified.
- Access to hands-on practice systems to experiment with solutions.
- Four SAP certification exam attempts per year and access to enablement and assessment to keep certifications valid.
- Learning analytics capabilities to support individual and team management.

The minimum contract duration for the courses, which work with the entire SAP product portfolio, is one year.

The programme covers areas such as financial accounting, management accounting, procurement, extended warehouse management and business intelligence.

Supported languages for the courses include English, French, German, Spanish, Brazilian, Chinese, Japanese, Korean and Russian.
