Multi-Country Office, invites you

to the UNISA-SAWID-UN WOMEN National Women's Dialogue Celebration

**Theme: Towards Peace and Gender Equality: Collective Legacies and
Co-Creative Solutions of African Women**

On August 19, 2021, in the midst of the third wave of the COVID pandemic, and in the aftermath of a devastating confluence of circumstances that has left more than three hundred people dead and more than two thousand five hundred arrested, with billions of rands of property burnt, destroyed or looted, including 32 schools, the 6th UNISA SAWID UN Women Dialogue will be celebrated virtually.

This dialogue is taking place at a time of major disruption and systems breakdown, while the youth of Africa, who make up more than 60% of Africa's population, are demanding that their voices and solutions be included in the many resolutions, frameworks and implementation plans for addressing these emerging challenges.
