

TIA-UNISA SEED FUND CALL

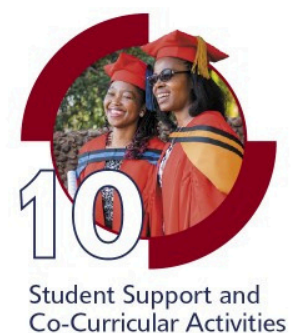

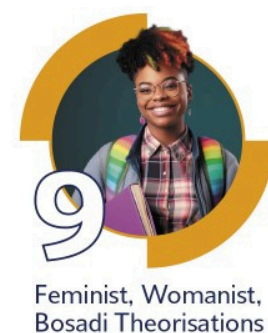

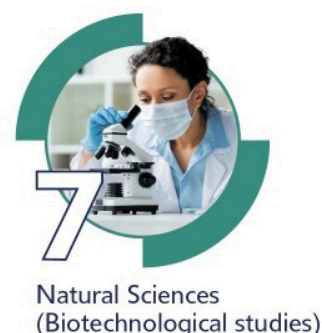

The Directorate for Innovation, Technology Transfer & Commercialisation
(*DITTC*)

invites all researchers to apply for the TIA-UNISA Seed Fund

The Seed Fund programme supports projects that are in the early stages of technology development such as proof of concept studies, development of prototypes and conducting market research.

Projects that have a focus on our Catalytic Niche areas will be considered for support.

Unisa's 10 Catalytic Niche Areas

- **Fund Instrument:** Grant
- **Stage of development:** from TRL3 to TRL4
- **Focus Areas:** Open to all UNISA technologies
- **Funding limit:** Up to R 1 000,000.00
- **Funding duration:** projects must be for a duration of up to 12 (twelve) months and can be extended to a maximum of 18 (eighteen) months

Applications need to reach the DITTC by
14 March 2025 at 17h00
