Research and Innovation Week

25 - 29 May 2026

Muckleneuk and Science Campuses

THE DEPARTMENT OF GENDER AND SEXUALITY STUDIES INVITES YOU TO: A GUEST LECTURE SERIES

26 MAY 2026

TIME: 09:00 – 14:00

VENUE: KGORONG CR 5

The Department of Gender and Sexuality Studies under the College of Human Sciences is honoured to host renowned scholar Dr Dianne Stewart from Emory College of Arts and Sciences, Atlanta, Georgia, United States of America.

Dr Stewart will present a guest lecture alongside our very own Chair of the Department, Professor Itumeleng Mothoagae. Both speakers will address Unisa's catalytic niche area 9 – Feminist, Womanist, Bosadi Theorisations – at this auspicious event.

Our role at this year's Research and Innovation Week is focused on Blackness, Womanism, Love, Religion, Indigenous Decoloniality, and Power.

We hope that our contribution to this catalytic niche area will open new academic, social and political conversations and allow existing ones to flourish.

We hope to see you there!

Define tomorrow.

UNISA
