Unisa Research & Innovation Postgraduate Student Showcase

INVITATION

Call for Abstracts

Theme: “Navigating all things in research using the power of technology”

2022 Unisa Research & Innovation Postgraduate Student Showcase is a unique two-day program on 01 – 02 August 2022 featuring presentations of postgraduate students. The registered honours, postgraduate diploma, master’s and doctoral students will develop their skills and experience while presenting their research in powerful and impactful ways.

The Unisa Research & Innovation Postgraduate Student Showcase is a joint initiative of the College of Graduate Studies and the Unisa National Student Representative Council aimed at creating awareness about early research development to gain expertise eventually to become effective researchers. It also aims to increase the visibility of postgraduate students work to a successful career in research.

The event will be taking place virtually on Microsoft Teams.
