

Special arrangements for students who are unable to write their examinations scheduled on Religious/Holy Days

Unisa recognises that some examinations are scheduled on students' religious/holy days. Students who are negatively affected by their examination scheduling on religious/holy days are requested to apply for alternative examination arrangements. To do so, students' **religious organisation** must communicate with Unisa/DSAA directly to inform Unisa of:

- Name, Surname and Student Number of the enrolled member of the religious organization
- Module code affected by examination scheduling
- Nature of Objection
- Dates of religious days

The above communication should be sent to religiousstudents@unisa.ac.za for processing. *Students who have been exempted from such examinations will be accommodated through alternative arrangements within the same examination period.*
