

# Social Equity Programme

## In collaboration with JASA

Inhlanyelo Hub is a wholly owned subsidiary of the University of South Africa. At Inhlanyelo Hub, we train, equip, incubate, coach, and deploy entrepreneurs to contribute to South Africa's socio-economic challenges. We have and continue to create partnerships that add value to UNISA students, staff, and alumni.

The Hub has partnered with Junior Achievement South Africa (JASA). Junior Achievement South Africa and the Z Zurich Foundation. JASA works with young people across the country, for ages 16–35, to take part in a game-changing social-equity experience. This partnership aims to empower South African youth to succeed as both job creators and well-qualified job seekers. Inhlanyelo Hub, JASA, and Z Zurich Foundation are rolling-out a Social Equity Programme.

The partners would like to invite you to the following in-person workshops:

CAMPUS	DATES & TIMES
